Thanks Lindsey- I also agree with streamlining to set aside more time for discussion.

Hi everyone, thanks for the feedback! I'll work on trimming the PCTn and comments slides.

Agreed, and there will be even more discussion with Alex, from what I've seen from her. I'm thinking we can cut back on the level of technical detail, since we'll lose her in the details/numbers. Thanks so much!

I agree. I think the BEAD slides were about 5 minutes but we'll get that down. It probably felt longer since so much discussion happened earlier.

The only work left for us to do is finalize our documents –

Great job on the aldicarb work and presentations this afternoon, Rebecca and Lindsey. Thank you!

For the Alex briefing on Tuesday, we probably need to streamline the messaging to some high level key points for each of your slides to save time (Alex asks a lot of questions, and typically doesn't dig into how we get our numbers). Monisha and Hope, what do you think?

It doesn't sound like we're going to be asked to do any additional refinement at this point (which is good).
